

Bidder Registration Agreement

This Bidder Registration Agreement (“Agreement”) is entered into and provided by Bidder in connection with the 2024 Request for Proposals for Energy and Capacity from Existing Resources for Entergy Louisiana, LLC (the “RFP”). Initially capitalized terms used but not defined in this Agreement have the meanings ascribed to such terms in the RFP.

Bidder acknowledges that it is the legal entity described in the Bidder Registration Form(s) (each, a “Bidder Registration Form”) submitted along with this Agreement and each such Bidder Registration Form submitted by Bidder is incorporated herein by reference. Bidder acknowledges and accepts that, once this Agreement is executed by Bidder and delivered to Entergy Louisiana, LLC (“ELL”), ELL is an intended beneficiary of and entitled to rely on the terms set forth herein and the information provided by Bidder in the Bidder Registration Form(s) submitted along with this Agreement. Bidder hereby waives and disclaims any legal or equitable defense or claim derived from or otherwise arising out of ELL not being a signatory to this Agreement or the Bidder Registration Form(s) submitted along with this Agreement.

Bidder acknowledges and accepts the RFP requirements that (i) a signed and appropriately dated version of this Agreement, duly executed by an authorized representative of Bidder, and, *for each proposal Bidder wishes to register in the RFP*, a completed Bidder Registration Form must be delivered to the Bid Event Coordinator via the ELL RFP inbox at ellrfp@entergy.com by the Bidder Registration Deadline (copying the IM at MerrimackIE@merrimackenergy.com), (ii) a Proposal Submission Fee for each proposal registered for submission in the RFP by Bidder must be paid in full by the Proposal Submission Fee Payment Deadline, and (iii) the Proposal Submission Fee is Five Thousand Dollars (US\$5,000) per proposal or, only if the proposal is identical in all material respects to a proposal for which it registered and paid the requisite proposal submission fee in the 2024 Request for Proposals for Energy and Capacity from Existing Resources for Entergy Texas, Inc., One Thousand Dollars (US \$1,000) for each such proposal. Except as provided in the following sentence, any alternative proposal submitted into the RFP (e.g., a proposal containing alternative pricing, alternative completion dates, or alternative transaction structures) would be required to be registered as a separate proposal. For PPAs, Tolls, and standalone Capacity Credit agreements, Bidders may propose up to two (2) alternatives to the delivery term and the associated pricing set forth in the base proposal, so long as the other terms of the base proposal remain unchanged. Bidder further acknowledges and accepts that each of the requirements in clauses (i) through (iii) above is a requirement for Bidder’s continued participation in the RFP process, only Bidders registered in accordance with the RFP will be permitted to submit proposals in the RFP, only resources registered in accordance with the RFP will be eligible for submission, and additional information about Proposal Submission Fees is located in Section 3.3 of the Main Body.

By no later than three (3) Business Days after the last day of the Bidder Registration Period, ELL will invoice Bidder for the aggregate amount of the Proposal Submission Fee(s) due and owing to ELL. Bidder will remit to ELL, by wire transfer to the wire address set forth in such invoice, full payment in immediately available funds of such invoiced amount by the Proposal Submission Fee Payment Deadline. (Section 3.1 of the Main Body sets forth the RFP milestone schedule in effect at the time the RFP was issued.) Bidder acknowledges and accepts that in the event Bidder does not pay the Proposal Submission Fee for a proposal, the proposal will be considered non-conforming and eliminated from further consideration in the RFP.

IN WITNESS WHEREOF, Bidder has executed this Agreement as of _____, 2024.
