

Summary of Limited-Term Proposals

ESI has concluded its initial review of the limited-term proposals received in response to the Summer 2008 RFP. The following provides a brief summary of the response to the limited-term portion of the RFP:

- 1) A total of 16 proposals were received in response to the RFP
- 2) Over 6,100 MW of total capacity (including mutually exclusive proposals) was submitted for the following products:
 - a. 185 MW of Baseload Product – Product Package A
 - b. 5,451 MW of Dispatchable MUCPA – Product Package B
 - c. 360 MW of Low Heat Rate MUCCO – Product Package C
 - d. 200 MW of Short-Notice Peaking MUCCO – Product Package F

ESI will continue to evaluate the limited-term proposals received in response to this RFP. At this time, ESI does not anticipate any delays in meeting the schedule outlined in the Final RFP.
