

Notice of Web Portal Use

ESI will host a conference call at 10:00 am Central Time on June 23, 2008. The purpose of this call is to provide an additional opportunity for stakeholders to ask questions regarding the Summer 2008 RFP for those stakeholders that may have a conflict on the day of the Bidders' Conference. ESI notes that it is changing the proposal submission system to a web portal, which is a different platform from that used in previous RFPs. It will not be possible to review this platform on the conference call, so ESI encourages all stakeholders to send at least one representative to the Bidders' Conference in order to view the new proposal submission process. The dial-in information for the conference call will be the following:

Dial-In: (877) 807-5706

Participant Code: 561325
