

Notice of Phase 1 Update

UPDATE REGARDING PHASE 1 - RESOURCE REGISTRATION: ESI has encountered a technical issue with the RFP Web Portal that limits Bidders' ability to delete a registered resource. In an effort to address this issue in a timely manner, ESI is providing a Resource Withdrawal Form below as "Attachment D-2". Bidders who have registered a resource and subsequently determine that the resource should be removed from their profile (either due to the fact that a Bidder registered a duplicate or redundant resource, or Bidder determines that the resource will not participate in the RFP) must download Attachment D-2 below, fill in the requested information, sign and return by fax or email to the RFP Administrator prior to 5:00 pm CPT August 7, 2008, which is the deadline for Phase 1 of the electronic solicitation process. Please note that Bidders still have the ability to modify previously entered Resource registration information using the "View/Modify Resource Configuration" function available on the RFP Web Portal home page up to 5:00 pm CPT August 7, 2008. Attachment D-2 below should be completed for each Resource ID Bidder wants to have deleted from their registration profile.
